

Ma'avarim - Israeli Trans Community, is a trans led NGO by and for the trans community.
We are the largest resource center for the trans community in Israel.

We strive to provide the most reliable and updated information to the trans community,
while also providing information about the trans community to service providers and
policy makers.

Ma'avarim serves the entire trans spectrum, gender variant people, those questioning,
families, and loved ones, as well as service providers assisting trans people.

Assistance and Case Management Program

(Ma'arach Os Trans - Trans Social Work Team)

The program is operated and staffed by a professional team of social workers who
specialize in working for and with trans individuals. The program is supervised and
supported by the Ministry of Welfare and Social Affairs.

The program includes:

- Answers to questions on issues related to trans people
- Short-term targeted guidance
- Assistance accessing and exercising social rights, medical rights, and more
- Professional consultations to professionals who work with the trans community
